Brea, CA 92621

Dear Ms. Evangelista:

Thank you again for your participation in the *1999 Directory of Cleaning Agents for Oxygen Service*.

This letter serves as notice that your products have been tested by an independent laboratory for the Compressed Gas Association, and the listings enclosed with this letter will be published in the 1999 directory.

The purpose of the directory is to provide important information and comparable data to assist in the selection of precision cleaning agents that may be suitable for oxygen service. The inclusion of any product in the directory is not an endorsement, recommendation, or approval by the Compressed Gas Association of the product for use in any application.

Please inform us of any changes or additions you wish to make to your listing by December 1, 1998.

Sincerely,

Andrew C. Tarpgaard
